GLAD FARM COLOGNE, MINN.

Discounts

We allow a discount of 5% on RETAIL ORDERS totaling \$5.00 to \$10.00. 10% on RETAIL ORDERS of \$10.00 to \$50.00.

THIS IS NOT A CASH DISCOUNT, but a discount in glad bulbs of your choice. Write out your order, figure the discount you are entitled to, and add the discount bulbs to your order.

This discount applies to glad bulbs only and does NOT apply to items marked (NO DISCOUNT), nor to wholesale orders. (NO DISCOUNT) items cannot be used as extras and free discount bulbs.

Besides the bulbs you select for your discount, we also include SURPRISE EXTRAS AND PREMIUM BULBS, in every order, the larger the order the more extras.

Order Early

Although we have a large assortment at the start of the season, with so many varieties listed, we often run out of some varieties late in the season.

ORDERS ARE FILLED IN ORDER OF BOOKING.

*
* **SHIPPING COSTS HAVE INCREASED TO SUCH AN EXTENT** *
* **THAT WE LOSE MONEY ON ORDERS UNDER \$2.00.** *

ALPHABETICAL INDEX OF VARIETIES ON PAGES 29 AND 30.

Bulb Sizes

Size No. 1 and No. 2 (1¼" and up) are (L) Large Bulbs.
Size No. 3 and No. 4 (¾" to 1¼") are (M) Medium Bulbs.
Size No. 5 and No. 6 (½" to ¾") are (S) Small Bulbs.

16 Buff	44 Deep Pink	70 Purple
20 Light Orange	50 Light Red	76 Light Violet Blue
22 Deep Orange	52 Deep Red	78 Dark Violet Blue
24 Red Orange	54 Black Red	80-86 Smoky Shades
30 Light Salmon	60 Light Rose	90 Any other unusual color

New 1959 Introductions

ALL AMERICAN GLADS

JOYOUS (464 Flad 1959) Large ruffled rich velvety deep rose blending deeper rose on lip petal. Opens 8 on 20 bud flower head on 5 ft. plants.

SPARKLER (313 Fischer 1959) Ruffled clear yellow with bright red blotch. Opens 8 to its 18 buds at a time. Sturdy straight plants.

35c each

3 for \$1.00

12 for \$3.45

ANY COMBINATION OF ABOVE VARIETIES — NO DISCOUNT

Apricot Beauty

(416 Lins 1959)

Parentage (Evangeline X Blondie X Oriental Pearl)

This is a very strong growing tall plain petaled pure clean apricot peach. Last summer, in spite of adverse dry field conditions, it produced, as usual, big spikes with long heads. Blooms early midseason. Rated well in trial gardens. A cut flower prospect.

Any Size Bulb \$1.00

Bulblets 5 for \$1.00

(NO DISCOUNT)

Black Arrow

(354 Lins 1959)

Parentage (King Lear X Helen of Troy X Burma)

This seedling was named Black Arrow on account of it's long flower heads. A new plain petaled heavy textured dark red which opens 8-10 correctly placed florets easily. Looks like an exhibition variety in the 354 class.

Any Size Bulb \$2.00

Bts. 40c, 4 for \$1.00

(NO DISCOUNT)

Exquisite

(330 Lins 1959)

Parentage (Bo Peep X Seedling)

This is one of the most beautiful varietes of which stock is available. The bloom is ruffled, heavy textured, well placed, well formed and in a rich warm apricot pink. The plant is good and it grows and propagates as well as it's parent Bo Peep. We rate this 5XX which is as high a rating as any can get, in fact we thought so much of this seedling that we sent the bulblets to California to hasten propagation. The supply is limited but we like to share beauty with our customers.

Any Size Bulb \$2.00

Bts. 50c, 5 for \$2.00

(NO DISCOUNT)

Follies

(232 Lins 1959)

Parentage (Bo Peep X Seedling)

A beautiful blend of orange, apricot and salmon with a contrasty orange scarlet blotch. Can open 8 well placed, heavy textured bloom at a time. Is ruffled and grows and propagates as well as it's parent Bo Peep.

Perhaps we should not have offered this now as stock is still scarce but I'm sure some would like to get a start now on Follies.

Any Size Bulb \$2.00 Bts. 40c, 3 for \$1.00

(NO DISCOUNT)

Lavender Cloud

(466 Lins 1959)

Parentage (Blue Seedling X Eliz. The Queen)

We had some elegant spikes of this with 8 and more open, right out in our fields where they get no pampering at all.

The color is clean unmarked self color in cool pinky lavender, a desirable florist color. We intend to work up a stock of this for cutflowers. Very little stock available so far.

Any Size Bulb \$2.00 Bts 40c, 3 for \$1.00

(NO DISCOUNT)

Mahogany

(454 Lins 1959)

Parentage (Vendome X Flame Girl)

Large ruffled dark mahogany red blending to black red toward petal edges. The wide open well attached velvety 5½" florets are beautifully formed and have a rich velvet sheen. The plant is tall and carries around 20 buds. Besides the open bloom there is considerable bud color.

This is hard to beat for quality and beauty. We believe even the most critical will admire Mahogany. Blooms midseason and is an easy propagator.

Any Size Bulb \$2.00 Bts. 40c, 3 for \$1.00

(NO DISCOUNT)

MAHOGANY was grand. Grew 60" tall with 20 buds, 8 open, 8 in color. A grand rich color which the public loved. Bruce Collins, Mich.

MAHOGANY was a beautiful black red which bloomed in 93 days. 64" tall 22 buds with 9 open — 5½ inch bloom on a 31" head. Wonderful habits. Fine stem for so heavy a head. Foliage immense. I like it very much. W. Jay Dittman, Mich.

Well now! The performance of two stirred me up. The corm of MAHOGANY you sent me for trial made a fine spike, in spite of the severe drought (I cannot irrigate). It was tops in color, finish, straightness and placement, in a sparkling clear dark red.

SWEETEST MAID continues to really please me from the ground up, as it did on first trial. Martin Eleason, Appleton, Minn.

Mainliner

(424 Lins 1959)

Parentage (Wild Fire X White Christmas X Treasure Island)

Ruffled 5 inch well formed, wide open, well attached, heavy textured bloom in a light salmon orange red with a deeper red feather. The plant is strong and tall with long 18-20 bud flower heads with good bud color.

Blooms early midseason. An easy to grow richly colored glad on tall plants which is such an easy propagator that our stock is large enough to allow a low introductory price.

Any Size Bulb \$1.00 Bts. 25c, 5 for \$1.00

(NO DISCOUNT)

Mojave

(390 Lins 1959)

Parentage (Bo Pep X Burma)

The color of this heavily ruffled 4½ inch, heavy textured bloom is not easy to describe but deep rosy salmon in an unusually beautiful shade, conveys some idea. The bloom is highlighted by a velvety deep crimson blotch.

Besides the open bloom, which are always perfectly placed, the spike shows much bud color. Blooms early midseason on medium height plants. This is a gem for arrangements.

Any Size Bulb \$1.00 Bts. 25c, 5 for \$1.00

(NO DISCOUNT)

Red Ruffles

(350 Lins 1959)

Parentage (Royal Robes X Burma X Vendome X Royal Robes)

Heavily ruffled brilliant red, the same shade as Wild Fire, however the plant is taller and has a longer flower head.

Many regretted the passing of Wild Fire but this replaces it.

A beautiful ruffled brilliant red which is a fast increaser, thus we can introduce it at a low price.

Any Size Bulb 50c Bts. 20c, 8 for \$1.00

(NO DISCOUNT)

Royal Coachman

(436 Lins 1959)

(Parentage (Flame Girl X Spic and Span))

Our field notes on this read: "Best of all light reds. Opens 10 on perfect spike."

We watched this beautiful scarlet 8 years and found it just about perfect nearly every year. Makes a good strong plant with a good 18-20 bud head.

The clean unmarked, well attached perfectly placed brilliant scarlet florets are of heavy substance and have perfect color penetration. Blooms late midseason. Everything considered this is perhaps the most beautiful and reliable scarlet we grew in our 30 years of glad growing.

Any Size Bulb \$2.00 Bts. 40c, 3 for \$1.00

(NO DISCOUNT)

Scorpion

(450 Lins 1959)

Parentage (Seedling X Bird of Paradise)

We are glad to offer our customers a new BIRD OF PARADISE seedling, this time, a heavy textured red, in a delightful new form, ruffled, fluted, wide open saucershaped in 400 size. Stamens are bent like those in Bird of Paradise.

Makes a good plant, is a good grower and propagator.

To those who would like to get a start now, rather than wait several years for bulbs, we offer a limited amount of bulblets, with a limit of two bulblets to a customer.

\$1.00 Per Bulblet

(NO DISCOUNT)

Streamliner

(440 Lins 1959)

Parentage (Pink Sedling X Evangeline)

A new tall wide open light pink about the color of Friendship but a much larger bloom and a much taller plant.

The florets on the long 18-20 bud flower head are well attached and well placed. From it's parent Evangeline it inherited the tall plant but not the faults of misplaced florets. Blooms early midseason and is an easy grower and propagator. Looks like a commercial prospect. Blooms well from smaller bulbs. Was Champ seedling several years ago at the Minn. State Fair.

Cut flower growers might well give this a trial.

Any Size Bulb \$2.00 Bts. 25c, 5 for \$1.00

(NO DISCOUNT)

Technicolor

(322 Lins 1959)

Parentage (Bo Peep X Seedling)

A brilliant, heavily ruffled, heavy textured 4½" bloom, in a blending of various shades of orange and salmon with deepest shades toward petal edges. The deeper orange throat blotch blends in perfectly. Color penetration is perfect. The 16-18 bud flower heads on 4 ft. plants, show much bud color.

This is one of those delightful varieties of which there are never enough available. If you like heavily ruffled glads in brilliant color blending, try this. Incidentally this has produced thrilling seedlings.

Any Size Bulb \$1.00 Bts. 25c, 5 for \$1.00

(NO DISCOUNT)

Testimonials

I just want to let you know that the glads I got from you this spring are just out of this world. They are beautiful and so large. I won Grand Prize at the flower show last Wednesday the 20th on Pink FRAGRANCE and I just love BIRD OF PARADISE and FAR EAST. Oh they are all so grand and so many more to bloom yet. I almost wish it was time to buy glad bulbs again. Thanks so much for the lovely bulbs. Bertha Blegen, N. D.

Far East

(410 Lins 1957)

Parentage (White Tower X Spotlight)

The more we see of Far East the more we realize it is one of the most thrilling varieties. A large wide open, ruffled and waved chartreuse yellow with small flame spot, plastic like substance and perfect color penetration.

Opens 7-8 perfectly placed bloom on 4 ft. plants. From White Tower it inherited sound healthy bulbs. As a breeder it has produced clean ruffled chartreuse seedlings. One of those beauties one never has enough of.

Bts. 10 for 50c, 100 for \$3.75

L 50c; M 35c; S 20c;

Have had very good luck with your bulbs. Your FAR EAST is extra special. Your HIT PARADE got a blue ribbon. M. W. Nellesen, Minn.

Your HIT PARADE was excellent. For FAR EAST I can not find the words to praise it. I think it was the best yellow I've seen so far. Adolph Billings, Conn.

Congo

(554 Lins)

Parentage

(Black Panther X Royal Robes)

The good news about Congo is that due to increased stock we can reduce the price for 1959.

Congo is a giant wide open, well attached, heavy textured maroon black, which we believe is one of the best in it's color class.

FAR EAST

Grows 55" tall and opens eight 5½-6 inch tightly attached and always perfectly placed wide open bloom with 8 buds in color on a 23 bud flower head on strong non crooking plants.

Congo showed it's excellent quality last summer. Last spring there were a few large bulbs left over, which were too rough looking to ship. These produced giant plants and bloom. The small stock produced 4 ft. plants with good heads. There were some big spikes even from bulblets. We are convinced Congo is one of the best dark reds.

L \$1.50; M \$1.00; S 50c; Bts. 1 for 20c, 100 for \$1.50

For the third straight year I would rate CONGO No. 1 variety of any or all. This variety has about everything except ruffling. I had some 20 spikes of Congo and all have had perfect placement with perfect stems, and the florets shed the hard rains like a duck's back. Last Saturday I showed 3 spikes of Congo at the quite large Pittsburg, Pa. show where it won a blue in it's class. Congo's health and stem and placement is what appeals to me. So many of the new varieties go bad too quickly and don't last. Congo has the qualities to be around for a long time. SWEET-EST MAID was also superb as was HIT PARADE. S. E. Taylor, W. Va.

Desert Flower

(306 Lins 1958)

Ruffled rich cream, blending to buff on lower petals, pale green throat and pure white stamens.

Reminds of Ocean Spray, however this makes a good straight plant, opening 6-7 RUFFLED FLORETS on a 16-18 bud head, while Ocean Spray is paler and plain petaled. Blooms early and is an easy grower and propagator.

L 75c; M 40c; Bts. 10 for 75c, 50 for \$2.50

Dream Queen

(432 Lins)

Parentage (Eliz. The Queen X Dream Castle)

Warm deep rosy pink, lower petals peppered or stippled deeper color like a gloxinia. Makes a nice 4 ft. cut flower spike.

L 2 for 30c, 5 for 60c; M 3 for 30c, 5 for 80c

White Bird Of Paradise

(400 Lins 1958)

Flat sucershaped pure white with the genuine pink ring Bird of Paradise center and bent stamens.

Bird of Paradise does not set seed on itself but this white version does set seed and it's pollen does fertilize other varieties.

In 1958 we bloomed seedlings from this, some of which are 5XX quality, proving our contention that this is a valuable breeder.

If you do any glad breeding, you cannot afford to be without WHITE BIRD OF PARADISE. It is a good propagator. We had nice bloom and good increase from bulblets planted in May.

Small Bulbs \$3.00; Bulblets 50c

Sept. 6th, 1958. "I bought two bulblets of WHITE BIRD OF PARADISE from you this spring. Both grew. One is in bloom this morning and it really is something different. I THINK THIS IS THE GREATEST NEW THING IN GLADS IN YEARS. I bet you will sell the bulbs of this all out for three or four years.

A week later: "The other bulblet will be in bloom this afternoon. It seems small bulbs grow at the base of the main plant. If I were you I would not sell a bulb of this for less than \$5.00.

Nov. 15th, 1958: "You will probably get bored of hearing me rave about WHITE BIRD OF PARADISE. I had the bulbs cleaned for some time so thought I would let you know how I came out. I got two small medium bulbs also 9 small bulbs that grew on top, they look like bulbs anyway, also had 60 regular bulblets. Probably if I had not let them bloom I would have got bigger bulbs. Both of the White Bird of Paradise bulblets bloomed.

I still remember how nice SWEETEST MAID was last summer. I would say that SWEETEST MAID would be in the top ten for beauty. It is one of my favorites. W. H. Pierson, New York.

I found my glad bulbs waiting for me in the rural mail box when I came home from town this afternoon. As soon as my evenings work was over, I rechecked them for color, against your catalog and I want to thank you for the lovely extras and first of all to tell you I have never bought such "FULLY PACKED" HEALTHY SPECIMENS. Mrs. Vernon Bruce, Colorado.

Gretchen

(206 - 306 Lins)

Parentage (Wedgwood X Eliz. The Queen X Crystal X Myrna)

Ruffled, heavy textured, beautifully formed greenish cream, blending to pale green in the throat. Blooms early, in fact in 1957 small stock of Gretchen bloomed a week earlier than Rhett Butler, which is regarded as one of the earliest.

Grown from small bulbs it is 206 size but grown from medium and large bulbs it makes a beautiful 306 size cut flower. Strong thin stemmed 3 ft. spikes. Fast propagator and healthy bulbs.

L 30c; M 20c, 5 for 80c; S 10 for 75c; Bts. 10 for 25c, 100 for \$2.00

Sable

(370 Lins)

Parentage (Royal Robes X Burma)

Glowing purple, so heavily ruffled and of such heavy substance, they seem carved of purple wax. Opens 8 well placed and well attached florets plus considerable bud color, on 18-19 bud flower heads on 4 ft. non crooking plants. Proclaimed by experts as the best and prettiest purple in it's class. Blooms late midseason. Makes loads of bulblets which grow easily and make sound healthy bulbs.

We had top quality spikes of Sable in quantity, last summer.

A 5XX purple for any purpose.

L 35c; M 25c, 10 for \$2.00; S 3 for 25c, 10 for 65c; Bts. 10 for 30c, 100 for \$2.00

Sumatra

(354 Lins)

Parentage (Burma X Royal Robes)

Very ruffled velvety, heavy textured black red. Opens 5-6 perfectly placed, wide open bloom on 4 ft., always perfect spikes. Bulbs are healthy and it is a good easy grower.

L 35c, 5 for \$1.35; M 30c, 5 for \$1.15

Sweetest Maid

(430 Lins)

Parentage (Eliz. The Queen X California X Aladdin)

No doubt this is one of the most beautiful varieties in existence today. Makes a grand spike of extremely ruffled, flat, wide open bloom in a delicate salmon.

Opens 8 perfectly placed bloom on 18-20 bud flower heads on 50" plants, which never crook. Trial gardens rated it excellent.

One of the best all around glads for any purpose. We had marvelous spikes of this, in quantity, last summer. One of our best sellers both in bulbs and flowers. A 5XX variety.

L 35c, 5 for \$1.40; M 25c, 10 for \$2.00; Bts. 10 for 30c, 100 for \$2.00

HIT PARADE

(368 Lins — 1957)

Parentage Wedgwood X Eliz. The Queen X Crystal X Myrna

- »» It Blooms Early.
- »» All Spikes Are Perfect And Of Uniform Height.
- »» Color is Non-Flecking Medium Deep Lavender With Clean Lighter Throat.
- »» Florets Are Beautifully Formed And Ruffled.
- »» Bulblet Production Heavy.
- »» Placement And Attachment Perfect.
- »» Four Foot Stems Are Thin But Strong, Stand Up In All Weather.
- »» Non-Crooking Cuttable Spikes From All Size Bulbs.

HIT PARADE

(368 Lins 1957)

Parentage (Wedgwood X Eliz. The Queen X Crystal X Myrna)

Beautiful — Reliable — Good Performer

Hit Parade is generally regarded as the most beautiful, reliable and best performing 300 size lavender todate, in fact Sydney Mode's 1957 trial garden report, rated it **THE BEST OF ALL LAVENDERS**.

If any variety deserves to be rated "The Perfect Cutter" Hit Parade surely does.

Spikes Are Tall and Straight

Spikes are tall and straight with long flower heads and stand up in all weather. Floret placement is always perfect. The color of the beautifully formed, well attached, ruffled florets is medium deep lavender.

Blooms Early

It blooms early, is a heavy bulblet producer and what is important these bulblets grow easily. Makes a good spike from all size bulbs.

Hit Parade has so many good qualities and is so good for any purpose that everybody will eventually grow it.

Cut flower growers will appreciate and enjoy growing and cutting it.

Florists can do wonders with it. For home arrangements there is nothing better.

We can perhaps spare a few quarts of bulblets to commercial growers who would like to get started on Hit Parade.

L 75c M 40c, 10 for \$3.20 S 20c, 10 for \$1.60

Bulblets 10 for 75c, 100 for \$5.00, 1000 for \$35.00

(NO DISCOUNT)

HIT PARADE, SWEETEST MAID, SUMATRA and RUFFLED MARVEL still stay at the top among my list of favorites, even under drought conditions when $\frac{1}{3}$ of my varieties could'n't even bloom.

The favorites named above all performed and pleased right on a par with all 5 ALL AMERICAN GLADS, so far introduced and that is high praise for each of these 5 have been far better than average in performance right here. Martin A. Eliason, Appleton, Minn.

Bird Of Paradise

(506 Sommer-Koerner)

This giant creamy apricot novelty is becoming more popular as times goes on. Most everybody likes this giant exotic bloom, often 6-7 inches across, which is formed like a Christmas Poinsettia with all petals of about equal size. Has a red ring in the center and it's stamens are bent unlike other glads.

It's pollen used on other glads has produced interesting seedlings. See WHITE BIRD OF PARADISE and SCORPION in this catalog.

L 35c; M 25c; Bts. 10 for 25c, 100 for \$2.00

Green Ice

(390 Barker)

This is a much better glad than we expected. Cool pale green without any incompatible other color to spoil the cool effect.

From medium bulbs even, it makes tall plants which stand up in all weather. The flower head is long and it opens an above average number of bloom at a time. If this were as good a bulblet maker as Hit Parade, it would make an excellent commercial cut flower.

L 75c; M 60c, 5 for \$2.40

Multipetal

(Koerner)

Most glad fans are hybridizing and growing seedlings. Multipetal is the missing link between the conventional glads and the NEW TYPES, such as Dragons, Doubles and others.

Much time and effort was expended to produce DOUBLE GLADS, mostly to no avail, until the advent of MULTIPETAL. Multipetal has a large number of creamy colored petals. It's pollen used on regular glads produced a new race in new forms and doubles.

Get a supply of Multipetal bulbs, plant at different times so it's pollen is available during the entire blooming season for hybridizing. Your resultant seedlings may surprise you.

L 25c; Mixed Sizes 10 for \$1.50

Testimonials

SABLE had a beautiful spike with 8 open at a time and a beautiful glowing purple and very ruffled. It is the purple the people noticed first in the garden when that glad bloomed. The most unusual one was Improved LACINATUS, it looked like a miniature orchid. King Size was 5 ft. 7 inches tall with 9 open at a time. John Needson, Ill.

I received my order of bulbs yesterday and when I unpacked them and verified against my order, to say "you could have knocked me over with a feather" would be putting it mildly. The bulbs are really beautiful. Your catalog states you send "SURPRISE" bulbs in addition to the extras, but when I saw my SURPRISE bulbs I could hardly believe my eyes. All I can say is Thank you and Thank you. Mrs. H. E. Neuman, Maryland.

Doerr's Exotic Hybrids

These new creations are becoming more popular every year. Most have more than the normal amount of petals. Florets with up to 25 petals are not uncommon, giving fullness to floral work, other glads cannot equal. Try these for exotic arrangements.

KEORNERS MEMORY 3½ inch bloom with up to 18 petals varying in color from salmon on the outer petals to cream and pink inside. 16" plants.

SISTER ELIZABETH KENNY 3 inch bloom, composed of 8 or more long narrow petals in creamy white. Thin stemmed 16 inch plants.

ORCHID DRIFTWOOD This is a good grower and should become very popular. 3 inch florets composed of 12 or more petals in a lavender and cream blend. Petals are ruffled and curled. Looks like a double Wedgwood. A real novelty. 16 inch plants.

ARTHUR C. KOERNER 3 inch red florets composed of up to 18 petals. 12 buds on 18 inch plants.

Any of the above Doerr's Exotic Hybrids — 50c each

NO DISCOUNT

Fragrant Glads

COLOGNE (Roberts) Fragrant bright scarlet pink on good plants. 35c Any Size

DARK FRAGRANCE (Spencer) Tall slender plants with deep red florets. 60c Any Size

PINK FRAGRANCE (Spencer) Ruffled salmon pink with dark blotch on good plants. 40c Any Size

RED SCENT (Spencer) Tall slender plants. Florets in a nice shade of red. 60c Any Size

SWEETIE (Spencer) Very fragrant bright cerise pink with white throat. Fine for arrangements. 30c Any Size.

YELLOW ROSE (Spencer) A nice yellow and very fragrant. 50c Any Size

Stock of most of these fragrances is limited. We ship largest bulbs in stock, as long as they last, then smaller.

Testimonials

The glad bulbs arrived in excellent condition, together with the liberal donations of extra bulbs. It is a pleasure indeed to deal with you. Your bulbs have always come up to expectation. Thanks for the extras. Last year we planted 2,500 bulbs and every one was from an original order from the LINS GLAD FARM. We do not deal commercially in flowers, as our gardens are for the pleasure of those who wish to visit same. Thanks to you, the glad display always comes in for much praise and favorable comment. E. W. Hill, Montana.

Miniature and Small Glads

- ATOM** (236 Hedcock) Popular red miniature. Petal edges are bordered white. Mixed sizes, 10 for \$1.00
- BEAUTY ELF** (250-350 Wilson 56) Light red with a yellow throat. One of Wilson's best small varieties. We had many with 8 well placed bloom on good straight spikes. Should win at the shows. L 75c; M 50c; S 25c, 10 for \$2.00; Bts. 10 for 50c
- BAMBI** (290 Pierce) A classy ruffled deep green, stippled orange. Everybody likes Bambi. L 50c; M 35c
- BO PEEP** (231 Butt) One of the best miniatures for any purpose. Color is beautiful salmon pink with gloxinia type peppering in the throat. Ruffled and blooms early. Always in great demand. Mixed Sizes, 10 for \$1.00
- BONNIE PRINCE** (262 Baker) Small deep rose pink florets on good height thin stemmed plants. Mixed Sizes, 10 for \$1.00; Bts. 25 for 25c
- FROLIC** (213 Bork) Ruffled bright yellow with a red blotch. Opens several of these bright flowers on medium plants. The best in this color. L 2 for 30c; M 3 for 30c
- GOLDETE** (212 Butt) Small ruffled pure yellow flowers. One of the nicest pure yellow miniatures. Mixed Sizes, 10 for \$1.00; Bts. 50 for 50c
- GREMLIN** (251 Butt) This is one of our favorites. Bright rosy red with yellow and a deeper colored blotch. Blooms early and tries to outdo itself to make miniature lovers happy. Mixed Sizes, 10 for \$1.00
- GRETCHEN** (206-306 Lins) Ruffled greenish cream. Small bulbs make 206 size bloom just right for arrangements. Blooms very early. We think you will like Gretchen. Small 10 for 75c; Bts. 50 for \$1.00
- IMPROVED LACINATUS** (Kunderd) An improvement on the original Lacinatus which was introduced at \$1,000.00 per bulb. The rose pink narrow petals are sharply laciniated. For corsages and arrangements. M 25c
- JINGLES** (230 Lins) Ruffled, heavy textured pink and white. Wonderful for arrangement. Wonderful color. Mixed Sizes, 10 for \$1.00
- LITTLE GOLD** (220 Fischer) The small very deep yellow florets of Little Gold are in a class by themselves and highlight any arrangement. Wonderful color. Mixed Sizes, 10 for \$1.00
- MARIONETTE** (213 Butt) Ruffled yellow with lower petals blotched brown. L 20c; M 15c
- MELODIE** (331 K & M) From the master breeder Pfitzer who gave the world so many beautiful glads. Melodie is a beautiful pink highlighted by 3 velvety red blotches on 3 lower petals. A real eye catcher and a fine grower. One of our favorites. L 20c; M 15c
- OBERBAYERN** (379 K & M) This is a healthy rich blue with a pure white throat. Makes a good strong thin stemmed plant. Scarce. L 20c; M 15c
- PIROUETTE** (232 Butt) Ruffled deep salmon pink with red peppering on lower petals. Thin wiry stems. L 20c; M 15c
- PRECIOUS** (310 Lins) Ruffled two toned yellow with pure white stamens. L 25c; M 20c; Bts. 10 for 25c
- RED BUTTONS** (150 Koerner) The smallest miniature we list. Tiny pure red flowers on thin stemmed tall plants. Invariably wins the blue ribbon at the shows. M 2 for 35c
- SPRITE** (320 Palmer) Ruffled light orange yellow. M 3 for 30c; S 10 for 50c
- STATUETTE** (213 Butt) Ruffled yellow with darker markings. For arrangements and exhibition. Very popular. Mixed Sizes, 10 for \$1.00
- ST. PAUL** (Koerner) Brilliant red. Most bloom have sharply laciniated petals. Mixed Sizes; 5 for 60c
- TOY TOWN** (224 Butt) Sparkling ruffled orange. One of the most beautiful miniatures and one of our pets. Try an arrangement using this and Gretchen. It will delight you. M 25c; Mixed Sizes, 5 for 95c
- WHITE SATIN** (100 Koerner) The best face up white miniature. For arrangements and make-up work. Mixed Sizes, 10 for \$1.00
- WHITE SPORT OF WEDGWOOD** (300 Lins) Everybody loves Wedgwood. This is a white version of it. Has same floret form and substance, ruffling etc. but in sparkling white. The plants are taller than Wedgwood. Mixed Sizes, 10 for \$1.00

Dragons Doubles Novelties

- BLUE DRAGON** (Gosling 1958) A light blue dragon whose petals are finely laciniated and edged with spurs. Buds are spurred and thorny. **\$2.00**
- CORSAGE** (361 Knight) Narrow petaled, sharply laciniated 3½ to 4" ruffled and waved florets in creamy pink blending rose on edges. Heavy substance causes it to last a long time after cutting. For corsages and arrangements. **M 25c**
- DOUBLE CREAM** (Gosling 1958) Double creamy white, flecked lavender on petal edges. Some florets are as full as a carnation. **\$2.00**
- DOUBLE GOLD** (Gosling 1958) Semi double golden yellow feathered orange. **\$2.00**
- DOUBLE SPIRE** Makes a taller and stronger spike than other doubles we list. Is derived from a different line of breeding. The color is rosy lavender. There is a smaller doublerosette in each floret. Somewhat resembles those pretty new **ART SHADES HOLLYHOCKS**. Only bulblets available so far.
Bulblets 1 for 25c, 5 for \$1.00
- ELIZABETH THE ORCHID** (Gosling 1958) Similar to the old favorite Eliz. The Queen but in flaring orchid effect. Bristling lavender buds. **\$2.00**
- FAIRY GIANT** (560 Gosling) Originators description: A seedling of Fairy Giant and White Dragon. Large florets in lavender and pink, with spurs pointing backward. 4-5 bristling buds in color. Our own observation is that like most dragons, this is variable, some florets have more spurs than others. **M \$1.00**
- FANTASY** (430 Rich) Ruffled and curled and spurred in a color blend of pink and cream and light green. A beautiful novelty dragon which makes a tall plant with large bloom. **M 20c**
- GLORY DRAGON** (507 Gosling) A large creamy yellow sport of Salmons Glory which shows some spurs and which sets seed. The plant is tall. **L 60c**
- GRAY DRAGON** (Gosling) Large flat wide open bloom in deep smoky gray with salmon undertones, plus a chocolate feather. Very interesting dragon but unfortunately scarce. **50c**
- GOLDEN WEDDING** (Gosling 1958) Clean bright yellow. Opens a good number of daintily folded and crinkled florets with spurs on the reverse side of the petals. **\$3.00**
- MANY PETALS** (Gosling) Not to be confused with Multipetal. This is an unusual novelty. The deep rose bloom is heavy textured, globular, curled and spurred. Scarce. **L \$2.00; M \$1.50**
- PINK SPURS** (Gosling) An interesting dragon with mottled spurred buds which open into large pink blossoms, which are blotched chocolate. **M 35c**
- RELUCTANT DRAGON** (Gosling) A blend of orange, salmon and yellow, ruffled and spurred. Scarce. **\$1.00**
- ROSY DREAMS** (Gosling 1958) The shade and shape of Rose Orchid but a taller 18 bud spike. One of the taller dragons. **\$3.00**
- ROSE ORCHID** (Gosling) Globular, doubling, curled, ruffled and spurred in a rose orchid shade. Very interesting. **\$1.00**
- SHAGGY DRAGON** (Gosling) An exotic dragon in a salmon orange blend which besides being spurred, many of it's florets are double. This is an easy grower and propagator. **L 25c; M 20c, 5 for 80c; S 10 for \$1.00**
- STARLIGHT** (Gosling 1958) A bright red dragon with spurs on the buds. Inner face of the open florets shows all red but the unopened buds are a bristle with white spurs. **\$3.00**
- WEDDING DAY** (Koerner) Pure white. There are many types of bloom among this. Some are spurred, some sharply laciniated, some are tulip shaped. When Mr. Koerner introduced this he had a bridal bouquet made up by a leading florist, for his display at the glad show. All agreed it was beautiful and showed what can be done with unusual glads. Due to a good stock we can offer this at popular prices. **Assorted Sizes 10 for \$1.00**
- WHITE DRAGON** (Gosling) Globular florets of heavy texture in ivory white with pink dot deep in the throat. Large white spurs. This is always scarce.
Small Bulbs, 40c

WHITE TOWER

Whites and Creams

WHITE TOWER (501 Lins) Large white with pink blotch. One of the few varieties on the N. A. G. C. recommended list. Makes beautiful healthy bulbs but few bulblets. L 25c, 5 for \$1.00

CHRISTMAS COURT (400 Lins) A seedling of White Christmas and Silver Court. Is taller than either of its parents. A tall ruffled pure white. L 40c; M 25c

GOOD MORNING (503 Lacy) Large Corona type creamy white flushed rose toward edges, plus a mild darker blotch. L 2 for 30c; M 3 for 30c; S 5 for 30c

ISLAND QUEEN (400 Lins) A seedling of Treasure Island and Eliz. The Queen. A large white floret with a slight suggestion of pink peppering in throat. Tall strong plants. L 35c, 5 for \$1.40; M 25c, 5 for \$1.00

LORELIE (506 Howell) This won several Grand Champs last summer. It can make breathtaking spikes under good conditions. Opens 8 of its 20 buds which when fully open can be used as a creamy white. L 25c; M 2 for 30c

ORIENTAL BLOND (306 Lins) A seedling of Oriental Pearl X Blondie. A heavy textured ruffled rich cream which outdid itself last summer even during the dry spell. Spikes were good right down the row. Is a good cut flower for us. L 25c, 5 for \$1.00; M 20c, 10 for \$1.50

POLARIS (500 Butt) Tall strong plants. Can open 8 six inch florets at a time, on 22 bud heads. A huge white. L 20c; M 15c; Bts. 25 for 25c

SIERRA SNOW (400 Harris) Tall plants with long flower heads. Can produce show spikes with 10 open. L 2 for 25c, 10 for \$1.00; M 3 for 25c, 10 for 75c

SILVER SPRAY (300 Lins) This one outdid itself last summer. We had hundreds of husky plants with long flower heads, of heavy textured, very ruffled white bloom, in fact it was the best white cutter we had. Was much larger than 300 size. This could have more stem below the flower head but it made beautiful long flower heads. A late midseason bloomer. Seems this is getting better every year. L 35c, 5 for \$1.40; Bts. 10 for 35c, 100 for \$2.50

SNOW CLAD (500 Harris) A giant plant with plain petaled pure white bloom. Good plants and long flower heads. Good for late cut flowers. L 2 for 30c, 5 for 60c

SNOW CLOUD (500) We have seen breathtaking spikes of this but apparently it needs enough moisture to bring out those beautiful spikes. Last year we planted this late in a plot which could not be watered with results not as good as the previous year. With enough moisture it can make beautiful flower heads with at least 68 large very ruffled beautifully formed, well attached florets on 18-20 bud heads. Well worth giving a little extra care to bring out its beauty. L 25c, 5 for \$1.00

WHITE CLOUD (500 Roberts) A large ruffled pure white with no suggestion of cream. Makes a good plant. L 2 for 30c; M 3 for 30c, 10 for 75c

WHITE ORCHID (400 Lins) Looks like a large pure white orchid. Blooms quite early on 4 ft. thin stemmed plants. L 35c; M 20c

Yellows and Buffs

- A. B. COUTTS** (516 Coutts) Large peach buff on tall plants with good flower heads. The best in this color. Good for late cut flowers. **L 2 for 30c; M 3 for 30c**
- ARGENTINE** (410 Roberts) A large beautiful new ruffled yellow. Has a long flower head and opens 8. Good show and garden flower. **L 75c; M 50c; Bts. 5 for 35c**
- AUREOLE** (410 Pruitt) Very ruffled beautiful yellow. Plants are medium height. **L 2 for 25c; M 3 for 25c**
- CATHERINE BEATH** (312 Coutts) Deep yellow 4" bloom. Opens 6-8 on good tall plants. **L 2 for 30c; M 3 for 30c**
- CORONADO** (412 Pruitt) Ruffled light yellow. Opens 6-8 well placed florets on straight plants of good height. **L 2 for 30c; M 3 for 30c**
- FAR EAST** (410 Lins) Large ruffled chartreuse yellow with small flame spot. One of the most beautiful. Opens 7-8 heavy textured bloom on straight plants. **L 50c; M 35c; S 20c; Bts. 10 for 50c**
- FORSYTHIA** (512 Harris) Good large greenish yellow which is an easy grower and makes good spikes and flower heads. Popular. **L 2 for 30c; M 3 for 30c**
- FORT KNOX** (412 Graff) Large deep yellow. One of the best performing yellows. Makes a strong plant with a full head of large wide open deep yellow flowers. Don't miss out on this. One of the best. **L 2 for 30c, 5 for 60c; M 3 for 30c, 10 for 80c; S 10 for 50c**
- GOLD** (412 Marshall) Ruffled deep yellow. Beautifully formed bloom. **L 2 for 30c; M 3 for 30c**
- GOLDEN PALOMINO** (417 Summerville) Large buffy pink apricot with small red feather. **L 40c**
- MING YELLOW** (416 Harris) A good large deep yellow. Makes a strong plant with a long flower head. One of the good ones. **L 50c; M 35c; S 20c; Bts. 10 for 50c**
- PROSPECTOR** (410 Leffingwell) A beautiful large two tone yellow. Lower petal is much deeper yellow than the rest of the flower. The effect is beautiful. One of the nicest yellows. The plants are good too. **L 2 for 30c; M 3 for 30c**
- SCEPTRE** (410 White) Ruffled yellow in a mild shade. **M 3 for 30c, 10 for 75c**
- WAX CANARY** (530 Woods) Large light shrimp salmon blending to yellow. Delicate peppering on lower petals. One of the most beautiful and makes good plants. **L 2 for 35c; M 3 for 35c**

Orange

- CABBALERO** (425 Fairchild) Light orange red with contrasty yellow and red blotch. Those who like strong contrast should like this. **L 25c; M 20c; Bts. 20 for 25c**
- CIRCE** (527 K & M) Large bright scarlet orange. Considered a good garden and show flower. **L 2 for 30c, 5 for 60c**
- DAISY MAE** (521 Lins) Large mellow orange with a cherry blotch. Opens 6-8 on 20 bud flower head on a tall plant. **L 2 for 30c; M 3 for 30c**
- FIESTA** (424 Roberts) Ruffled rich deep orange, finely veigned yellow. Good plant and good flower head. Something different. **L 50c; Bts. 10 for 50c**
- FIRE OPAL** (422 Fischer) Ruffled bright orange with yellow throat. Plants are medium height. **L 2 for 30c; M 3 for 30c**
- ORANGE GOLD** (422 Marshall) Vivid true orange, brilliant and flashy. Plants are tall and the bulbs are healthy. **L 2 for 30c; M 3 for 30c**
- ORANGE RUFF** (525 Rich) Very beautiful mild orange, which was 5X in our trial garden. Very ruffled and a very good shade of orange. A 5X variety. **L 75c; Bts. 10 for 75c**
- REGINA** (420 Palmer) A very beautiful, heavy textured, wide open ruffled floret in light orange with a small scarlet mark. One of the most satisfactory glads and a must in every garden. **L 2 for 30c; M 3 for 30c**

Pinks and Salmons

CARMEN CORLISS (430 Roberts) A beautiful rich pink blending to yellow. Very pretty. **L 25c; Bts. 10 for 25c**

CORAL ACE (532 Bunn) A large ruffled rich coral salmon with a deep red salmon spot which blends in nicely. 7-8 giant ruffled florets open at a time on tall stems. Very nice. **L 2 for 30c; M 3 for 30c**

DOLLY VARDEN (533 Harris) Opens 6 or more giant bloom on tall plants with long flower heads. Color is salmon pink. Those who like big glads should get this. **L 20c**

EXOTIC (430 Lins) If you like pastels you will be pleased with Exotic. A beautiful delicate buff toned light salmon blending to soft blush white throat. Good flower heads with 6-8 wide open florets on good plants. **L 2 for 30c; M 3 for 30c**

FRIENDSHIP (422 Fischer) Ruffled light pink. One of the best early pinks. Fine flower and plant. **L 2 for 30c; M 3 for 25c, 10 for 75c**

KING SIZE (531 Hartman) A giant plant with yard long flower head with up to 10 open pink florets. We had reports of this growing 5-6 feet high for some of our customers. If you like them big get this. **L 25c**

NEW YORKER (440 Graff) A tall ruffled deep pink which makes a tall straight plant with a long flower head and opens 6-8 bloom at a time with plenty bud color. Similar to Spic but performs better for us. One of our best cut flowers. **L 2 for 30c; M 3 for 30c**

PAINTED LADY (443 Roberts) An exotic pink and white blend. It's lip petals are edged scarlet. Something entirely different. Nothing just like Painted Lady. **L 20c**

PAUL BUNYAN (540 Melk) Another giant plant with long flower heads which opens 7-8 large ruffled bloom on a 20 bud head on 5 ft. plant. Color is rich pink with rose spot. For those who like their glads big. **L 25c**

ROSALIND (430 Palmer) A large ruffled apricot salmon blending to yellow throat. Plants are tall with long heads. An easy grower and propagator. One of our best cut flowers. **L 2 for 30c, 5 for 60c; M 3 for 30c, 10 for 75c**

ROSE LUSTRE (532 Clark) A gorgeous glad which besides making a large strong plant with a long flower head has also the richest colored bloom imaginable. Makes yard long flower heads with a large number of giant well formed bloom in a grand shade of deep hot salmon. Plant this early. A 5XX exhibition variety. **L 50c**

RUFFLED MARVEL (432 Lins) Heavy textured waxy ruffled pure salmon pink. Opens 6-8 on a 20 bud head. Fast propagator. Late midseason. **L 35c; M 25c**

SUMMER CHARM (540 Lins) Clean delicate blush with delicate peppering on lower petal. A delicate pastel. Plants are tall. A seedling of Dream Castle and Treasure Island. **L 2 for 35c**

SWEETEST MAID (430 Lins) Extremely ruffled flat, wide open bloom in delicate light salmon. Opens 8 always perfectly placed bloom on 18-20 bud heads on 50" plants. One of the most beautiful varieties and a must in every garden. **L 35c, 5 for \$1.40; M 25c, 10 for \$2.00; Bts. 10 for 30c, 100 for \$2.00**

TARGET (441 Larus) Large creamy pink with a large soft red blotch. Opens 8 on a 20 bud head on 55" plants. Very showy. **L 50c; M 40c; Bts. 10 for 40c**

Testimonials

Received both orders and am more than pleased with the extras and generous count. Your bulbs are absolutely beautiful and your packaging is neat and legible. Mrs. R. J. Meyer, N. Y.

Rose

- BRENDA** (464 Pazderski) Dark rosy red with even darker velvet red blotch. Opens 8 large flaring well placed bloom on tall plants. **L 25c**
- BURMA ROSE** (560 Lasch) Ruffled hot deep rose pink. A Burma sport. A rich beautiful shade that everyone likes. We regard it as one of the very best deep pink glads and one we would not be without. Plants are uniformly good. A must have. 5X variety. **L 2 for 30c; M 3 for 30c, 10 for 75c**
- DIRECTOR** (464 Roberts) A blend of various shades of rose and red. Opens a grand flower head of very ruffled, heavy textured bloom. Tall plants with 22 bud flower heads. This is champion material.
L \$1.25; M 75c; Bts. 10 for \$1.00
- EVOLUTION** (562) A large flowered novelty. The base color is cream, netted and striped and peppered deep rose. A good grower. Something different. Unfortunately the supply is limited. **L 40c; M 30c**
- MAGNET** (562) Deep catleya orchid lavender. A very good color. Plants are tall with good flower heads. **L 2 for 30c; M 3 for 30c**
- ROSITA** (562 Woods) Large ruffled and waved cerise rose pink. Tall plants with long heads. **L 2 for 30c; M 3 for 30c**
- TRULY FAIR** (464 Woods) Smooth dark rosy red. Very good color and a very good plant. **L 20c**
- WILD ROSE** (460 Fischer) A good light rose pink. An excellent tall long headed cut flower. **L 2 for 30c, 5 for 60c**

Lavender

- CRINOLINE BELLE** (466 Bork) A light lavender butterfly type bloom. Plants are tall. Under some conditions some of the spikes crook. **L 25c; M 2 for 30c**
- FALCON** (567 Woods) Large lavender with lower petals cream, peppered rose. An unusual color combination. **L 2 for 30c; M 3 for 30c**
- HIT PARADE** (368 Lins) The best 300 size lavender, according to experts. Blooms early, spikes are always straight. Bloom is ruffled, well attached. Plants stand up in all weather. A must in every garden. Good for any purpose. 5XX variety. **L 75c; M 40c, 10 for \$3.20; S 20c, 10 for \$1.60; Bts. 10 for 75c, 100 for \$5.00**
- IRRESISTABLE** (366 Lins) A sister seedling of Hit Parade but a lighter pinkish lavender. Florets are wide open, heavily ruffled, beautifully formed. Florets are larger than Wedgwood, one of it's parents. Plants are medium height. A beautiful lavender for arrangements and home enjoyment. A fast easy propagator. **L 20c; M 3 for 35c; S 10 for 75c**

Blue

- CRATER LAKE** (476 Williams) A large deep blue with cream feather. Can open 8 five inch florets on 20 bud spikes. Was named for the deep blue water of Crater Lake in Oregon. **L 25c; M 20c**
- GRATIA** (576 De Bee) A large ageratum blue with deep violet lower petal. This is perhaps the prettiest large medium deep blue. **L 25c**
- OBERBAYERN** (379 K & M) The only medium deep blue with a white throat. Tall thin stemmed straight plants. Supply limited. **L 20c; M 2 for 30c**
- PINNACLE** (576 Jack) The only giant light blue. 5 ft. plants with 20 bud flower heads. Opens 10 six inch light blue florets which have a prominent purple blotch. **L 35c**
- PORCELAIN BLUE** (478 Rich) Large pansy blue with cream feather. **L 20c**
- SALMONS SENSATION** (578 Salmon) Giant deep blue. The largest and tallest deep blue. Six inch bloom on 5 ft. plants. **L 2 for 30c, 5 for 60c**
- VIOLET CHARM** (476 Jack) Pale violet with deep violet blotch. This makes a big straight plant with a long flower head. Can open 8-10 large well placed florets at a time. Excelent. **L 2 for 30c, 5 for 60c**

Scarlets and Reds

- CARNIVAL** (437 Butt) Ruffled bright red with pure white throat. Very showy and popular. **L 2 for 30c; M 3 for 30c**
- DIEPPE** (436 Hassel) Bright salmon orange scarlet. Large ruffled bloom on good plants. **L 2 for 30c**
- FIRE FLAME** (436 Rich 1958) Ruffled orange scarlet, which was good in our trial garden last year. Opens 8 with many buds in color on a good flower head and plant. **L \$1.00; Bts. 2 for 25c, 10 for \$1.00**
- FLAME GIRL** (536 Lins) The large brilliant scarlet florets are ruffled and waved. Tall plants with long flower heads. One of the most brilliantly colored glads. **L 25c; M 20c**
- HARRISBURGER** (552 Mikle) Can produce a grand show spike with 8 or more florets open at a time. In a beautiful shade of red. Is variable in performance. Plant this early. **L 2 for 30c, 5 for 60c**
- HILLTOPPER** (450 Fairchild) A new bright red with cream stripe. Can make a good spike. **L 50c**
- POINSETTIA** (450 Johnson) Large somewhat ruffled clean bright red. **L 2 for 30c; M 3 for 30c**
- RED RADIANCE** (450 Melk) Clear red self color. Opens 6-8 on 4½ ft. plants with long flower heads. Looks like a good cut flower. **L 2 for 30c**
- RED TAPE** (550 Butt) A beautiful clean bright red. Opens eight 5½" heavy textured well placed brilliant bloom on tall plants. Has everything a good glad should have. One of the best reds for any purpose. **L 2 for 30c; M 3 for 30c**
- RHETT BUTTLER** (436 Kuhn) One of the most brilliant reds which blooms among the earliest varieties. Makes a nice spike, and is a good early cut flower. **L 2 for 30c**
- SAN SOUCI** (436 K & M) A good bright red with a cream line on lip petal. Good plants. **L 2 for 30c, 5 for 60c**
- STOP LIGHT** (450 Lins) Ruffled bright red. Plant and flower heads are good. **L 2 for 30c, 5 for 60c**
- SUNGLOW** (436 Wurst) This Burma sport was 5X in our trial ground. A big husky plant with a good flower head. Opens a large number of large ruffled, heavy textured rich scarlet red bloom plus a lot of bud color. A beautiful red and is one of the best Burma sports. 5X variety. **L \$1.00; M 75c; S 50c; Bts. 3 for 25c**

Purple

- KING DAVID** (570 Carlson) One of the best purples. Florets are ruffled. Plants are perfect and the bulbs healthy. **L 2 for 30c; M 3 for 30c**
- M. M. MURDOCK** (570 Baker) Ruffled purple sport of Burma which has been winning over Purple Burma recently. Large bloom on good plants. **L 25c; M 2 for 30c**
- PURPLE BURMA** (570 Boewe) Ruffled purple Burma sport. **L 2 for 30c, 5 for 60c**
- ROYAL SCOTT** (470 Taylor) Rosy purple. An excellent producer of good spikes from any size bulb. Long flower heads. This is a good cut flower. **L 2 for 30c, 5 for 60c; M 3 for 30c, 10 for 75c**
- SABLE** (370 Lins) Heavily ruffled, heavy textured deep purple. The prettiest purple of the lot. **L 35c; M 25c, 10 for \$2.00; Bts. 10 for 30c, 100 for \$2.00**
- THE RAJAH** (570 Jack) Large silky purple which can make an exhibition spike. **L 2 for 30c, 5 for 60c**
- TIMES SQUARE** (470 Butt) Ruffled magenta purple. Opens large flaring bloom on good plants. **L 2 for 30c; M 3 for 30c**

Deep Reds and Black Reds

- ACE OF SPADES** (454 Sisson) Large black. One of the darkest, in fact the buds are coal black. **L 2 for 30c**
- BLACK CHERRY** (554 Rich) Large velvety black red. Plants are tall. Opens 6 large round florets on 18 bud heads. **L 30c**
- BLACK PHANTOM** (454) Well formed large dark red. Plants and flower heads are good. **L 20c**
- DARK DAVID** (554 Morgan) Giant silky deep red bloom on tall straight plants with good flower heads. A good performer. **L 2 for 30c; M 3 for 30c**
- RUFFLED EBONY** (454 Fischer) Ruffled deep maroon. Opens 4-5 beautiful bloom on good plants. One of our favorites. 5X variety. **L 20c**
- SUMATRA** (354) Very ruffled, velvety, heavy textured dark red. Opens 5-6 perfectly placed 4 inch bloom on 4 ft. always straight spikes. Florets are always placed right. This and Ruffled Ebony are perhaps the most beautiful of the dark reds. **L 35c, 5 for \$1.35; M 30c, 5 for \$1.15**
- THUNDERBOLT** (454 Pierce) Deep red with an even darker throat. Was very good here last season. Makes a fine 6-8 open flower head on a good plant. **L 25c; M 20c**

Smoky and Unusual Colors

- ALLAH** (491 Harris) Huge ruffled deep smoky purple brown. Opens 8 on 18 bud flower heads on tall plants. **L 30c**
- ALZADA** (486 Wilson) Ruffled cocoa brown with a cream blotch which is bordered deeper brown. **L 20c**
- BLUE SMOKE** (586 Rich 1957) This is one of the nicest smokies. A lavender gray blue blend. The bloom is very ruffled, refined and beautiful. Good plant habits. Was 5X in our trial garden. Entirely worth while adding to any good collection. **L \$1.00; M 75c; Bts. 2 for 25c**
- BUCKEYE BRONZE** (490 Wilson) Popular copper bronze. One of the nicest and unusual colors. **L 2 for 30c; M 3 for 30c**
- BUSHFIRE** (486 Pupich) Looks like fire and smoke. Correctly named. **Any Size 20c**
- CALEIDOSCOPE** One of the most unusual color combinations. A real novelty in yellow, salmon and brown with brown spots all over the flower. Makes a good spike. A customer who saw this at a show, wrote this interested him more than any other glad. Scarce. **L 40c; M 30c**
- CHARTREUSE** (490 Rohrbach) Lovely chartreuse greenish yellow. Opens 6 on 18 bud flower heads on 4 ft. plants. In great demand for all purposes. **L 35c; M 25c**
- CHEROKEE** (590 Snyder) Deep bronze smoky with a flame feather. Opens 6-8 5½ inch bloom on 20 bud heads on tall plants. A. H. M. winner. **L 35c**
- CHOCTAW** (491 Wilson) Light chocolate with red blotch. **L 20c**
- COOPERII** (290 Species) Chartreuse tan. Tall strong thin stemmed plants of good height. One of the original "Wild" species. Very rare and scarce. A collector's item. **M 40c**
- COPPER LUSTRE** (580 Pazderski) Large ruffled rosy brown shading to lighter brown plus a red blotch. Opens 8-5½ inch ruffled bloom on tall plants. One of the nicest smokies and easy to grow. **L 2 for 30c; M 3 for 30c**
- DUSTY MILLER** (486 Elliott) Pretty smoky old rose with cream lines. One of the best growers. **L 20c; M 15c**
- ERIN** (490) Pruitt) Tall novelty chartreuse green with slightly darker feather. Opens 6 five inch well placed bloom on tall plants. One of the popular "Green Glads". **L 50c; M 40c**

SMOKY AND UNUSUAL COLORS (continued)—

GRAY SUMMIT (486 Butt) A beautiful smoky blue gray blending to a white throat blotch bordered pink. A refined smoky. **L 20c**

G. DRACOCEPHALUS (290 Species) An interesting species or "WILD GLAD". General color effect is "green". Plants are tall and thin stemmed. An interesting novelty. **L or M 25c**

GREEN LIGHT (404 K & M) This chartreuse yellow is the parent of some of our new green glads. In demand by breeders. **L 25c, 5 for \$1.00**

MESA MIST (486 Hartman) Smooth gray blue. Opens 6 five inch bloom on 16-18 heads. A refined smoky. **L 20c**

MOTHER MACHREE We were fortunate in getting some stock of this famous variety, now practically a collectors item. The unusual color in lavender gray with creamy undertones, is hard to describe but be assured it is startlingly unusual. Was introduced at \$100.00 per bulb. **L 25c**

MRS. M. RAYWARD (583) An exhibition variety from Australia which opens 8 well placed 5½ inch wide open bloom on 50" plants. Color is a good combination of salmon and smoky lavender with cream undertones, like the colors of clouds sometimes at sunset. Very scarce. A collectors item. **L 75c; M 50c; Bts. 5 for 50c**

OKINAWA (381 Loar) Deep tan and brown marbled purple slate with a velvety maroon blotch. Opens 8 heavy textured bloom on 18 bud heads on good strong plants. One of the best. **L 25c; M 20c**

PELLETIER D'OISY (290 Lemoine) Deep chartreuse green, stippled orange. A very interesting novelty. Fine for corsages and makeup work. **Any Size 25c**

PERSIAN RUG (486 Roberts) A large plum, rose and yellow smoky blend. Makes a good spike. **L 20c**

PIRATE CACHE (482 Wilson) Chocolate old rose with yellow blotch. Florets are ruffled and fluted. **L 25c**

PRUNELLA (580 Stringer) Large plum brown with a large yellow blotch. Tall strong plant with long flower heads. One of the best. **L 25c**

ROBINSON CRUSOE (490 Lins) Base color is tan, heavily marbled chocolate. Hardly any two are exactly alike. In some the tan color predominates while in others chocolate predominates. Something different. **L 25c, 5 for \$1.00; M 20c, 5 for 80c**

SALAMANCA (590 Stubbs) A blend of smoky salmon with a red feather. Strong tall plants. Fine large bloom. **L 20c**

SANDMAN (486 Butt) A large light salmon brown with a large white throat. **L 20c**

SOUTH SEAS (491 Wilson) A tall dark smoky plum brown with a contrasty red blotch. **L 20c**

TAN GLOW (480 Arenius) Light smoky salmon rose. Has won some Champ awards which shows it can build a grand flower head. Opens 8 five inch bloom on a 22 bud head on tall straight plants. While the color does not appeal to all it is a producer of good spikes. **L 20c; M 2 for 30c, 10 for \$1.20**

THE ROAN (590 Pruitt) Large rosy chestnut with fine white lines all over the petals. Quite a novelty. **L or M 25c**

TUNIAS MAHOMET (582 Both) Large heavy textured bloom in mild rose gray with a red blotch. **L 25c**

UHU (482 K & M) Salmon, slate, brown and yellow are all represented in this unusual flower. **L 20c**

VOO DOO (486 Kadel) A powerful grower and producer of massive spikes. Bronze and plum smoky. **L 20c**

VOO DUN IT (490 Kadel) Brown gradually blending to tan. Has a yellow throat with brown stippling over the yellow. Ruffled and needlepointed bloom. This is pretty but stock is scarce. **L or M 35c**

Treasurer Chest

If you don't want to grow glads under name but still want a garden full of lovely flowers, order a Treasure Chest. This contains all colors and types. If bought under separate names they would cost considerable more.

More and more people are ordering our Treasure Chest. People are surprised they get such lovely glads at such a low price.

100 LARGE BULBS	\$ 5.75
50 LARGE BULBS	3.00
100 MEDIUM BULBS	3.75
50 MEDIUM BULBS	2.00

PREPAID IN THE U. S. A.

NO DISCOUNT

Blue Ribbon Collection

For those who do not have room for many glads but who want the newer creations. It contains bulbs worth as much as \$1.00 to \$3.00 each, including some of the newest. All unlabeled.

25 LARGE BULBS	\$ 5.00

Dark Colored Collection

This is one of the most popular collections because many do not care for white or light pastel shades or they already have too many light colored glads. This unlabeled collection is made up of the deeper colors including lovely ruffled reds, purples, maroons, etc. Worth many times the price at which they can be had in this collection.

100 LARGE BULBS	\$ 8.50
50 LARGE BULBS	4.50

4X Seedlings

We grow many seedlings each year. At blooming time only a small percentage are marked for future testing. All the rest go into a grand 4X seedling mixture.

Because most seedlings do not show their true value at first blooming because they are grown from a small bulb, many in this mixture, when grown from a larger bulb show up as perhaps super dupers. If we could grow them the second time we would, no doubt, find some top notch seedlings among them but we might as well let our customers have fun growing them.

Since we have done considerable breeding, using new types such as Bird of Paradise, it's seedlings and other new types, this 4X mixture contains some interesting things. If you find any you would like to name, which is not at all unlikely, those seedlings are yours to do with as you please. Supply is not unlimited. Last several years we did not have enough to fill all orders received.

AMARYLLIS SEEDLINGS

Named varieties of Amaryllis are increased by cutting a bulb with two buds, in two then growing the cut bulbs several years, then cutting and growing again. It takes 10 or more years to grow a stock of a variety to introduce and sell under name.

By using the newest introductions as breeders, the resultant seedlings are a 10 year advance, however there is only one bulb of each seedling variety but the average Amaryllis lover would rather have one of a kind than 6 or more of a kind, so the seedling deal works out nicely.

Because the Amaryllis available from commercial sources were not at all up to the quality demanded by our customers, we started our own breeding program, using the best named varieties from Amaryllis specialists. The resultant seedlings are beautiful, some are improvements in color or form over their parents. Most are broad petaled and in white thru pink, salmon and various shades of red.

Because our gladiolus and peony business has grown to such an extent that there is hardly time for growing other items, we offer our complete stock for sale. None are held back. The small and medium bulbs have not yet bloomed but we know there are gems among them.

Small seedling bulbs and offsets are about the size of a finger or larger but they grow rapidly into blooming size bulbs.

Growing These Seedlings Is More Exciting Than Growing Named Varieties.

Large \$2.50; Medium \$1.50, 5 for \$5.00; Small 50c, 10 for \$4.00

Why Should We Plant Peonies?

MARCELLA

HERE ARE SOME REASONS:

They are rated among the most beautiful of all plants, both in plant and flower. They are easy to grow. Magnificent flowers may be produced with less care than that given almost any other flower, though they well repay reasonable loving attention. It is long-lived. An established plant will live and bloom for many years.

THEY ARE HARDY IN EVERY STATE IN THE UNION AND IN ALL OF CANADA.

They may be grown in beds, borders or gardens by themselves or with other plants. They make attractive specimen plants on the lawn or in the garden. The blooms are large, showy, of many forms and colors and long lasting. Many varieties are deliciously fragrant. Disease and insects rarely bother them. They make excellent cut flowers and give beautiful landscape effects. In short it is one of the most useful, beautiful, versatile, and altogether satisfactory plants known.

IT IS TRULY THE KING OF FLOWERS !

PEONIES

The peonies we offer are not the cheap run of the mill varieties but are the best available today. Most have received the AMERICAN HOME ACHIEVEMENT MEDAL or similar awards. They not only have beautiful bloom with a charm all their own but most have strong stems which hold the bloom off the ground.

These famous peonies will grace the finest estates. At a recent state peony show, LINS ORIGINATIONS won, against all comers, 4 DOUBLE COLOR CHAMPIONS out of 5 possible. In Class 100B, five Lins originations won the SILVER MEDAL. Gardenia was Grand Champion of the show in 1956 and 1957.

Nothing better in peonies to be had.

Peonies can be planted in spring or fall. We have roots of some varieties in storage for early spring planting. For fall planting, shipment in fall.

BLUE ROSE (Lins 1957) A large full double bluish rose, which carries more blue color than any peony we know of. Has a strong sweet rose fragrance. Stems are not as heavy as most Lins originations. Visitors admire it and usually refer to it as the "BLUE PEONY". — **\$10.00**

BURMA (Lins) Beautifully formed double deep red. Has won highest honors on the show table and is also a good garden flower. This was practically black red last summer. Until the plant is fully established the bloom is a beautiful semi-double with golden stamens. Blooms early midseason. **\$3.95**

CASABLANCA (Lins) A giant full double pure white whose strong stems hold the large bloom erect. This description sounds common but these king size round full double pure white bloom must be seen on the plant to realize what a marvelous bloom this can produce. Nothing else like Casablanca. Blooms late midseason. A peony you will be proud to own. A MUST in every good collection. — **4.95**

DOLORDELL (Lins) Another giant full double pure unfading salmon pink. A super peony in every way. Strong stems hold the great bloom erect. An American Home Achievement medal winner. Has won highest honors on the show table. Must be seen on the plant to be fully appreciated. Belongs in every good collection. One of the super peonies you will be proud to own. — **\$4.95**

ENSIGN MORIARTY (Lins) Very large full double dark pink with heavy strong stems. In spite of it's large size it has such a good form that it has been CHAMPION DARK PINK many times. Blooms late midseason. A super show flower. Plants are medium height. — **\$4.95**

FESTIVAL QUEEN (Lins) A new double yellow with a pure white collar and a pure white crown. Foliage looks like that of hybrid peonies. Blooms very early, only a little behind the hybrids. An unusual peony and the best "yellow" we know of. Something different. — **\$4.95**

GARDENIA (Lins) The large full double bloom is formed like a giant Gardenia, in fact the form suggested it's name. Cut in bud it opens delicate blush. Opened on the plant it is white. A wonderful performer in the garden. Is loaded with large bloom every year. A row of 3 year old plants in bloom looks like a snow-bank. Was Champ blush many times and GRAND CHAMPION, "BEST FLOWER IN THE SHOW" in 1956 and 1957. If you do not have Gardenia you are missing out on one of the best. — **\$3.95**

HAWAIIAN SUNSET (Lins 1958) A beautiful new Japanese type in rose and creamy gold. The richly colored bloom is carried on perfect stems on perfect plants. A rich rosy pink with a large center of golden yellow petaloids. — **\$10.00**

KING MIDAS (Lins) Brilliant full double bright red. The reds, as a rule, are not as beautifully formed as some of the light shades but KING MIDAS has the form of a rose with perfect rosebud center, in fact it was awarded the AMERICAN HOME ACHIEVEMENT MEDAL on account of it's rose form and good, **real red** color. One of the best performing of all peonies. Holds it's petals before dropping, much longer than most peonies. One of the best garden peonies. — **\$3.95**

PEONIES (continued)—

LILAC TIME (Lins) A new Japanese type in a new color. A rich deep lavender lilac. The collar and the center cluster of laciniated petaloids are the same rich color. The richly colored bloom are carried on good stems on a good plant. Something different and wonderful for bouquets and arrangements. It's buds look like long rose buds. — **\$10.00**

MANDALEEN (Lins) One of the few peonies, which, besides being beautiful also has a strong sweet rose fragrance. The stems are foliated way down. The full double bloom, often 9 inches across, is a rich sweet baby pink and does not fade to practically white as do some pinks. One of the best garden peonies. A must have. — **\$3.95**

MARY L. (Lins) A high built double creamy white. The top petals of some bloom have a touch of red. Late midseason bloomer. American Home Achievement Medal winner. — **\$3.95**

MAUNA LOA (Lins) Full double rosy red. The large flat bloom, rather loosely built, is carried on a long willowy stem. A good cut flower which opens well when cut in bud. Cut flower growers might well give this a trial. — **\$3.95**

MARCELLA (Lins) A medium size full double white with strong stems. The substance is so heavy and the bloom so fully double, a dozen bloom of MARCELLA have surprising weight. The perfect plant is loaded with lovely bloom each year. **ACHIEVEMENT MEDAL WINNER.** — **\$4.95**

MINNEKADA (Lins) A Japanese type in an unusual color. The collar is lavender with a cluster of petaloids in the center of a rich deep flame rose. The seed carpels are green, tipped white. To preserve this grand color, cut in mature bud and enjoy the bloom inside. Fine for bouquets and fine arrangements. — **\$3.95**

OLD LACE (Lins) In our opinion one of the most beautiful garden peonies. The large full double flat bloom 8-9 inches across, is composed of long narrow petals, radiating from the center. When the long buds first open the color is light pink which soon turns to rich ivory. Due to it's long stems, we find it a good cut flower. — **\$3.95**

PAUL BUNYAN (Lins 1957) When we get to Paul Bunyan, we get to the heart of the peony kingdom. A very large full double, well formed, deep flame rose which looks like a giant rose in form and beauty. The outer rows of petals are large. These large petals help hold it's good form. Experts proclaim Paul Bunyan one of the best new peonies. Was first shown in 1955 and then was awarded the **AMERICAN HOME ACHIEVEMENT MEDAL.** First stock was released in 1957. A peony, even the most critical will be proud to have in their collection. Stock limited. — **\$20.00**

RAMONA LINS (Lins) Another super peony, proclaimed by experts, an all time great. One of the world's best peonies. The exquisitely colored bloom is very large, full double and beautifully formed. Stems are strong and hold the great bloom erect. The color is pale ivory blush with Solange undertones. This must be seen in bloom on the plant to see how magnificent it really is. A must have in every good collection. — **\$4.95**

RED CHARM (Hybrid) (Glasscock) Considered the best double red hybrid peony. Blooms a week earlier than the regular peonies. We had a good stock of this but our 1957 orders took most we had. Since Hybrids do not propagate as easily as regular peonies the supply will be short a long time. Hybrid roots are formed almost like a Dahlia tuber. A good root with one or two eyes is considered a good division. Due to shortage of stock, perhaps we should not have listed it but we dislike disappointing those who cannot wait. A limited supply for two year olds will be ready in Sept., 1959 — **\$15.00**

ROSE UNIQUE (Lins) Tall double deep rose. A sister seedling of TONDELEYO but deeper into rose, about the color of that grand peony named Kansas. A big rugged peony which can take wind and weather. — **\$3.95**

TARAWA (Lins) A Japanese type in a beautiful shade of dark rosy red. The collar and center petaloids are the same color. — **\$4.95**

TONDELEYO (Lins) Large full double non-fading deep flame pink of such fire and brilliance that it can be spotted from afar. The long strong stems hold the brilliant bloom erect. One of the best for garden purposes and also one of the best for cut flowers. — **\$3.95**

TOWN TALK (Lins 1959) A new large heavy textured full double light pink, on good stems. On it's first showing in 1955 it was awarded a FIRST CLASS CERTIFICATE. We have a fairly good stock of TOWN TALK, enabling it's introduction at a popular price. — **\$4.95**

VALENCIA (Lins) A high built full double bright red on good stems. The plant is medium height. Was awarded the BRONZE MEDAL by the peony society. By Sept., 1959 we expect to have enough young stock of Valencia to allow listing this at a popular price. — **\$3.95**

WAIKIKI (Lins 1959) A sister seedling of Hawaiian Sunset but in a different color. A beautiful new Japanese type in cerise and salmon rose. The stems are strong and the plants are perfect. An unusual color in rich Cerise with a large center of petaloids in rosy salmon. — **\$10.00**

It is a pleasure to show the lovely Lins Originations and a pleasure to own them. My garden is attracting more and more attention each year. A friend who recently built and moved into her new home, fell in love with Ens. Moriarty, said, THAT I must have. It was in it's glory when she saw it. Evelyn Swanson, Montana.

Thank you for those wonderful peony roots. My husband wanted me to be sure and say he has never seen such good ones. Now we have a nice spot with only LINS SPECIAL PEONIES. Mrs. Frank Keating, Mass.

I already have 14 of your peony origination. Everyone wonderful. Believe Ens. Moriarty my favorite. A. M. Riley, Missouri.

Just a line to let you know how well I liked your peonies. They are great. W.
H. Hyde, N. Y.

In April of 1957 I received Gardenia, Ens. Moriarty and Red Charm from you. Contrary to all advice against spring planting, all 3 plants had 3 bloom each and the blooms were very much larger and better than on any of 14 different varieties I planted the previous fall. In the 1958 season, just ended, these same 3 plants outdid the other 14 varieties. Your Gardenia, in my opinion is an outstanding beautiful flower and Ens. Moriarty is real large. S. J. Javonac, Mich.

I want to write and thank you for the nice peony divisions you sent. They arrived in fine shape, not even an eye was broken. Mrs. E. A. Russell, Wyo.

The root of Paul Bunyan was excellent. Louis Smirnow, L. I. N. Y.

I hope it is not too late to order Gardenia. I like Dolorodell very much. Grover
Rentz, Iowa.

When a friend asked me what I wanted for a Christmas present I said: DOLORODELL, one of the Lins varieties. Birda Ridley, Minn.

Last spring I ordered about 250 glad bulbs from you and I just want to tell you they bloomed the most beautiful spikes I have ever seen. I had lots of comments on them, as I would take a basket to church every Sunday. I sure want your 1959 catalog as I want to order more bulbs. Clayton Elledge, III.

Testimonials

I ordered some 4X seedlings from you last year and had a few real outstanding ones. Mrs. Wallace Johnson, Minn.

I liked the bulbs very much that I bought from you, especially Bird of Paradise and the 4X seedlings. I love to watch them open. Each one is a surprise and they were beautiful. Herbrt Moores, Maine.

Congo was real good. Howard Cook was very much impressed with it in my garden last Sunday. Congo won a first at the Alfred, N. Y. glad show, it was runner up to a superb Heirloom for Grand Champ. FAR EAST made a good spike. HIT PARADE from the 3 No. 2 bulbs were good. They produced 1000 bulblets between the three of them. I would like to get more Congo next year. Wesley W. Hyde, N. Y.

I bought some new bulbs from you this spring and they were so nice. With recommended fertilizer and enough rain, I had the nicest blooms and bulbs ever. Rhoda Smith, Mich.

Ruffled Dream, Silver Spray, White Orchid, Oriental Blond, Pink Fragrance and Sweetie were marvelous, so was my first experience with Dragons. H. E. Miller.

The bulbs we received from you gave us a garden of flowers that were a great pleasure to every one who saw them. PRECIOUS AND SWEETEST MAID were lovely and noticeable even among the other beautiful glads. Mr. and Mrs. Alfred Krisker, Mich.

I am pleased with your catalog. I have been planting glads for about 50 years. Your catalog is the most interesting and shows more interest in glads than any I have ever seen. Your catalog is a pleasant companion, not only for one evening but for many more. H. A. Goodrich, Vt.

Your SILVER SPRAY and RUFFLED MARVEL were particularly outstanding for me even if I did not get them into a show. Hi Durland, Ill.

The bulbs are growing very well. Thank you for the fine handling of my order. Paul Baillon, Minn.

The bulbs came thru in fine shape and appear to be fine quality. I want to thank you for the extras. They are very much appreciated. Mere Doty, Ill.

We have had very good results with your glad bulbs and are pleased with your merchandise. Dolores Dicks, Minn.

Please accept my sincere thanks for those beautiful bulbs you sent me and for the extras. Mrs. Floyd Smalley, Mich.

Thanks for selecting the assortment of bronze and brown glads for us. Now my husband and I are both glad raisers. Mrs. Darvin Jenner, N. Dak.

The glads came through in record time and I was very pleased to see how clean they are. Eulalia L. Bibbins, Minn.

I received the glad bulbs and will say they are very fine bulbs. I want to thank you for your generosity also. A. M. Smith, Ill.

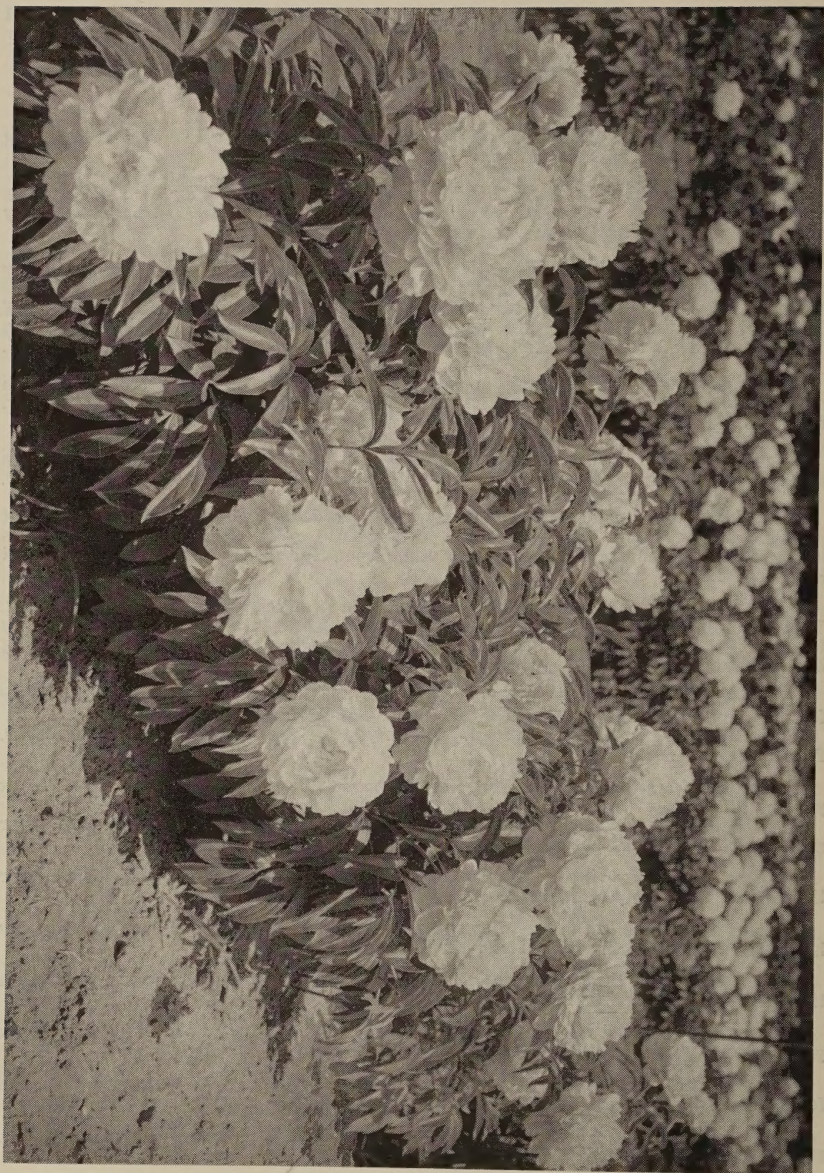

The glads I received from you last year were beautiful and I thank you so much for the generous extras. Walter C. Parsely, Iowa.

Very pleased with all your glad bulbs. All I have had were just grand. R. M. Parker, Mass.

I am very pleased with your excellent catalog. It has so many good novelties and so many helpful points. Miss Livingston, N. C.

Your bulbs made beautiful flowers here last year. I was so very pleased with them. Mrs. J. H. Goetch, Wash.

Will you please send me your catalog. I got some bulbs from you several years ago and they were the best I ever had. Mrs. Geo. D. Robertson, Wash.

"MANDALEEN" — A LINS ORIGATION

LINS PEONIES • Cologne, Minn.
